

FIFTY MAY GET SCHOLARSHIPS

Counties and Larger Cities Are Given Free Places at Normal School.

ARE EXEMPTED FROM FEES

SUPERINTENDENTS AND BOARDS OF EDUCATION NAME WINNERS.

County superintendents throughout the state and boards of education in cities of the first and second classes have been notified by State Superintendent A. C. Nelson of the number of free scholarships in the normal department of the state university to which they are entitled to nominate candidates. The free scholarship exempts those who secure it from paying the annual fee of \$10. It also exempts them from taking the entrance examination. The county superintendents and boards of education are supposed to nominate only those who are qualified to enter. The final appointments are made by the state superintendent from among those nominated.

County Superintendent John W. Smith of this county intends to nominate the four eighth grade pupils who passed the highest examination at the close of the recent school year, and it is said that this policy will be followed in several other counties. The apportionment of scholarships is as follows:

Beaver, 1; Box Elder, 2; Cache, 2; Carbon, 1; Davis, 1; Emery, 1; Garfield, 1; Grand, 1; Iron, 1; Juab, 1; Kane, 1; Millard, 1; Morgan, 1; Piute, 1; Rich, 1; Salt Lake, 4; San Juan, 1; Sanpete, 2; Sevier, 1; Summit, 1; Towe, 1; Tooele, 1; Uintah, 1; Utah, 4; Wasatch, 1; Washington, 1; Wayne, 1; Weber, 1; Salt Lake City, 3; Ogden, 3; Provo, 1; Logan, 1.

The state law says that 200 free scholarships may be maintained in the normal department at one time. The course is a four-year course, which leaves fifty scholarships to be apportioned each year.

SLASHED HIS OWN THROAT AFTER MURDERING WIFE

Chicago, June 26.—Frank Horvat last night killed his wife by cutting her throat with a razor, and then gashed his own neck so badly that he cannot recover. Horvat left his wife some time ago and she procured a warrant for his arrest on the charge of abandonment. It is believed that Horvat, learning of this, returned to the house during the night and killed his wife as she slept.

Real Estate Day, Saltair, June 28. Over 250 prizes; cash, merchandise, lots, etc. Tickets for sale by all members of the association and at headquarters, 15 West Second South.

HONEST POLICY THE PAYING ONE

Dollar for Dollar Insurance Companies Are Gathering in the Business.

San Francisco, June 26.—The honest policy of the dollar-for-dollar insurance companies is already being justified by the immense amount of business pouring into their offices. There are a dozen companies in this city which are writing the heaviest business in their San Francisco careers. The sentiment of property owners is plainly in favor of those companies which have withstood the storm and stress of the tempestuous times following the great fire, as against new companies seeking to enter the field and take advantage of their older rivals' misfortunes.

Regarding the insurance situation, Attorney General Webb said today: "This office is preparing for a decisive move and I feel encouraged by the outlook. However, the most powerful weapon in the hands of the public is the universal sentiment in favor of honest settlement, and this is also showing itself in no uncertain way. In talking with a

EVILS RESULTING FROM CONSTIPATION

How This Trouble May Be Readily Corrected.

You are drowsy, heavy, loggy, lack energy—every exertion is an effort—your head is not clear and it is hard to think, you have a full and oppressed feeling in your stomach and bowels—all your limbs and body ache—in fact, life seems hardly worth living under such conditions. Ask yourself, "Do your bowels move regularly?" If you feel as above your answer will be "NO"—that is the cause of your troubles. If not properly corrected this condition will lead to much more serious disorders of the blood and body due to the poisons in the waste matter which should be promptly carried off. And it seems so foolish to suffer when Nature has provided her own wholesome and certain remedy in the pure Mineral Laxative Water—HUNYADI JANOS—from the famous Springs in Hungary. Half a tumblerful of this wonderful water drunk on arising in the morning (slightly warmed for best results) will give you within an hour a delightfully pleasant and copious movement. This will clear your head, sharpen your appetite and make a new man of you. Try it and see. At all Druggists.

banker from South Dakota I find that even that far away they are discriminating in favor of the dollar companies. He told me that his bank has gone over every policy on its own and its depositors' property and has cancelled every policy in a discounting company and

placed it with one of those which has come out fairly and with no quibbling in favor of meeting all of its losses in full. This is only one of many instances which have come under my observation, and such a course must soon make a powerful impression on the insurance people, encouraging the honest and discouraging the dishonest ones.

GRADERS WANTED TO LYNCH COLORED COOK

(Special to The Herald.) Basin, Wyo., June 26.—A negro who had been cooking for the graders working on the Burlington near here narrowly escaped lynching at the hands of the men yesterday, when he got into an altercation with his funkies and started to carve him with a butcher knife. The funkies appealed to the graders for aid and they began yelling: "Lynch the nigger!" and with a new halter rope, started after him. He crawled into one of the bunk cars and hid during the day and last night left for parts unknown.

Storage Accounts Due. Parties whose accounts are in arrears for storage are hereby notified that unless same is paid by July 15, 1906, goods will be sold for charges. REDMAN VAN & STORAGE CO. B. & O. STORAGE CO.

RECEPTION TO BE NATIONAL

Demonstration in Honor of Bryan as Planned Will Be Huge Affair.

New York, June 26.—In pursuance of resolutions adopted at a meeting of the Commercial Travelers' Anti-trust league, held on June 11, 1906, William Hoge, head of the league, announced today the appointment of the following committee on plan and scope for the Bryan reception:

Tom L. Johnson, Ohio; Francis Burton Harrison, Bird S. Coler, Augustus Thomas, Lewis Nixon, New York; Alexander Troup, Connecticut; A. H. Eastman and John H. O'Brien.

This committee will invite all the Democratic members of congress, the chairmen of the Democratic state committees of various states; the mayors of the Democratic cities of the country, and the editors of Democratic newspapers to serve upon a reception committee of which Governor Folk of Missouri will be the chairman.

Augustus Thomas will welcome Mr. Bryan on behalf of the league.

Real Estate Day, Saltair, June 28. Over 250 prizes; cash, merchandise, lots, etc. Tickets for sale by all members of the association and at headquarters, 35 West Second South.

BICYCLE EXCURSION TO OGDEN

June 27, via Oregon Short Line. Take train leaving O. S. L. depot at 6:05 p. m. special returning leaves Ogden at 11 p. m. Round trip \$1.00. All the fast riders will be on the saucer and some good races are promised.

Get in on the big prize list. Real Estate day at Saltair, June 28. Tickets are 25c each, for sale by all members of the association and at 15 West Second South.

WALL PAPER PICTURE FRAMES. Up-to-date goods at popular prices. Painting and Paper hanging. Chas. H. Bodel, 33 East 1st South.

To the Holders of High Grade Mining Securities Throughout the West.

And Particularly Pointed to Holders of Columbus Consolidated Mining Company Stock.

REPORT.

West Columbus Copper Comp'y Of Little Cottonwood Mining District, Salt Lake County, Utah.

LOCATION.

The claims of this company are located in Salt Lake county, Utah, about eighteen miles southeast of Salt Lake City, Utah, and about fifteen miles from Sandy, the nearest point on the railroad from which point a branch line has been projected to Alta, a point contiguous to this property, and is situated in the Wasatch mountains on the extension of the great lode of Park City, the home of enormous dividend payers such as the Silver King, Daly West and Ontario mines.

PROPERTY.

The property consists of about one hundred (100) acres of mining ground all owned by this company by good and sufficient title. Surveys are in progress for patenting the same. It embraces a strip of ground about one-half mile long and sixteen hundred (1600) feet wide.

HISTORICAL.

About twenty years ago the camp of Alta, where this property is situated, was very extensively worked for lead and silver ores, and such mines as the Emma, Flagstaff and Clipper paid millions in dividends. In later years prospecting has been done below the water level and enormous deposits of high grade copper and silver ores have been opened up. Particularly is this true in the Columbus Consolidated where immense deposits of very high grade copper and silver-bearing ores are exposed. The property herein mentioned is the extension of this property and has the same contact and formation as the latter with a fissure cutting across the contact at intervals.

FORMATION.

The formation of this country in general is an underlying granite with a contact going through the country between lime and porphyry. The general strike of the formation is northeasterly and southwesterly and upon this property there is a known fissure which gives good values in gold, silver and copper.

THE VEIN.

This is a bed of white quartz conforming in dip and strike to the general bedding of the country and when found is continuous along the contact and extending both sides of the fissure at its intersection. The veins in this country are generally from five to fifty feet in thickness with ore shoots occurring at intervals in the veins.

THE ORE.

The ore is generally of a grade which will admit its shipping to market and is a very desirable fluxing ore for the smelters, as it carries a heavy excess in iron.

FUTURE DEVELOPMENT.

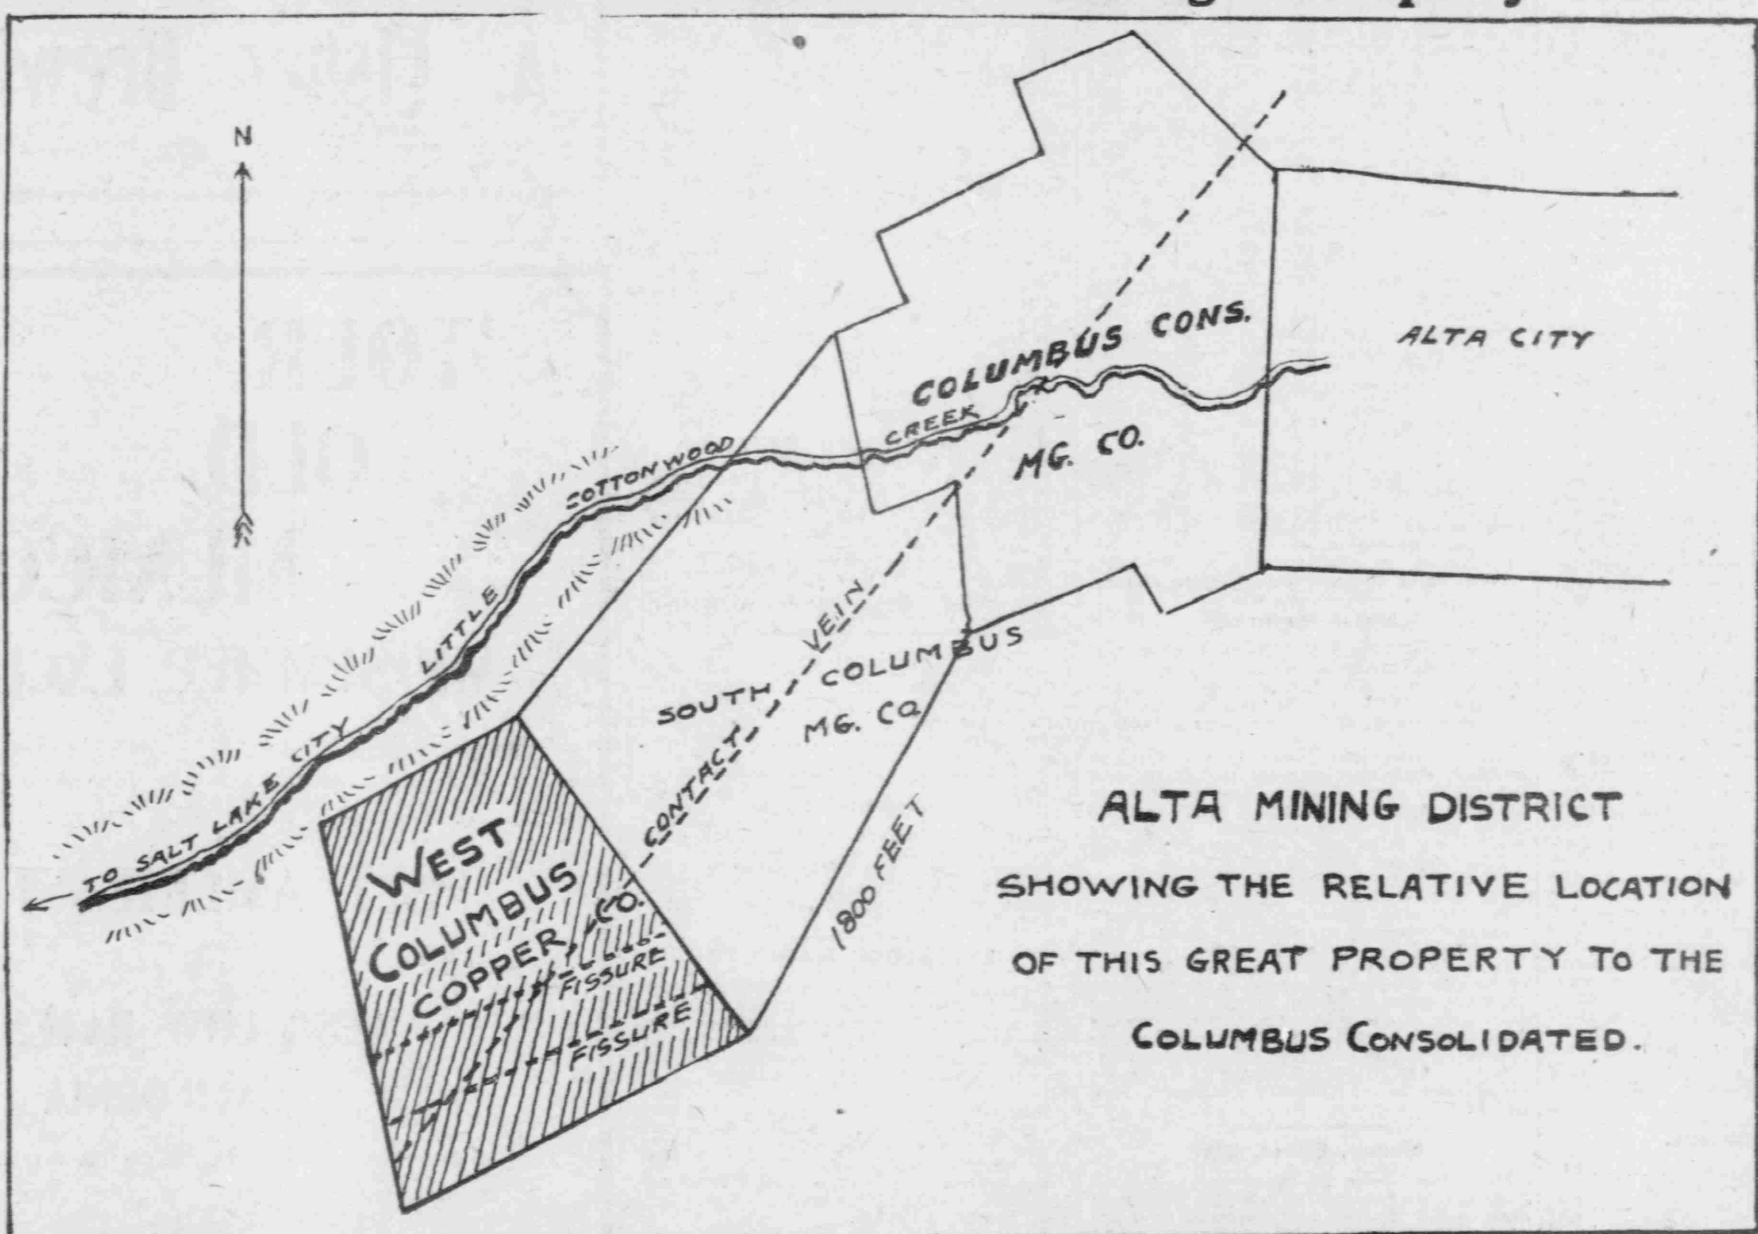

This will consist of driving a main tunnel at the bed of Little Cottonwood creek to intercept the contact vein at a depth 900 feet on its dip and should open up some large ore bodies.

CONCLUSION.

A tunnel has been driven on one of the fissures in ore all the way varying in thickness and assaying as high as 12 per cent copper, \$4 gold, 90 ounces silver per ton. A few tons are now on the dump, which will average 53 ounces silver, 10.4 per cent copper, 8 per cent lead, 2.3 per cent silica, 12.4 per cent iron, or a gross value of \$70 per ton.

This property while only in a speculative stage should prove to be one that will bear considerable development and should bring satisfactory results. The formation of the country, the quality of the ore and the contiguity of this property to the great Columbus Consolidated should make of this property a desirable speculation for mining investors.

GORDAN A. BANKS,
Mining Engineer.

The following INVESTMENT opportunity is one that should appeal to every conservative investor who is far-seeing enough to look ahead and judge his relative PROFITS from the lessons of the past.

During the past two years investors in high grade Utah mining securities have made TREMENDOUS profits—profits almost beyond belief.

A little over a year ago Columbus Consolidated Mining company's stock was selling around \$1 per share. Today it is actively traded and dealt in at prices well above \$8 per share.

Have you received your share of the legitimate profits that have accrued to the buyers of Columbus Consolidated stock?

The firm of O. F. Jonasson & Co. offer today through this advertisement an opportunity to join with them in the development of a promising prospect that has practically reached the productive stage and whose ground lies IMMEDIATELY CONTIGUOUS to the great Columbus Consolidated mine.

We offer 50,000 shares of the initial treasury stock of the West Columbus Copper Company at 15 cents per share net, the company's holdings consisting of the following five claims, namely: The Silver Dipper, The Alexanders Nos. 1 and 2, The Leroy's Nos. 1 and 2.

Comprising 100 acres of proven ground in the famous mining district of Alta, Utah.

Two fissures traverse the company's ground, and this mineral area undoubtedly contains the EXTENSIONS of the Columbus Consolidated veins and fissures.

Moneys derived from the sale of treasury stock going into the development of such VALUABLE territory should be productive of dividends in the very near future.

The firm of O. F. Jonasson & Co. of New York and Pittsburgh is the largest firm of mining stock brokers in the entire United States. Their record of stock offerings in the past has been one series of successes, the latest instance being the placing of a majority of their 22,000 clients' funds in the stock of the Four Aces Mining company of Bullfrog, Nev., at 12 cents per share.

TODAY THE STOCK OF THE FOUR ACES MINING COMPANY IS SELLING ON THE NEW YORK CURB AT WELL ABOVE 60 CENTS PER SHARE.

Think of the tremendous profits that have resulted to clients who made their purchases through and under the direction of a legitimate commission mining stock brokerage firm. Our own engineers have personally examined the ground of the WEST COLUMBUS COPPER COMPANY and upon their advice we strongly urge and advise immediate purchases of the initial treasury stock of this organization at 15 cents per share net.

The accompanying report, made by a well-known engineer, speaks for itself.

The stock of this company is to be quoted upon the New York curb and will be actively traded in upon that market, the largest market for mining securities today in the entire country.

The West Columbus Copper company is incorporated for 400,000 shares at a par value of \$1 a share, of which 125,000 shares have been placed in the treasury to provide funds for the IMMEDIATE DEVELOPMENT of this extremely valuable territory.

Stock should be reserved by telegraph at our expense. Wire in your orders. For further information write to

O. F. JONASSON & CO., BROKERS,

44-46 Broadway, New York. McChesney Building, Pittsburg, Pa.

Local representative of O. F. Jonasson & Co., who will receive applications for treasury stock, Jos. Oberndorfer, 161 South Main street, Salt Lake City, Utah, to whom all local orders should be addressed. We especially call the investing public's attention to the fact that any member of the Salt Lake Stock and Mining Exchange will be glad to execute your orders for the purchase of this security, and will undoubtedly recommend and advise the purchase of this stock.

O. F. Jonasson & Company's Daily Mining Letter Mailed Free of Charge to Any Address Upon Request. Write For It.
